Graphics printed for the frameless light box provide a rich, vibrant colour quality that is second to none.

- **Smooth Edge-less Appearance**
The edge-less (frameless) look is achieved by using fabric which is sewn along the edges with a silicone beading. The graphic is stretched slightly over the extrusion where the silicon beading fits into a channel groove along the outer edge of the display.
- **Portable**
Frameless light boxes are made from lightweight recycled aluminium. It is very easy to dismantle and can be done in just a few minutes, which makes it great for trade shows, events or relocating. Despite their large display size, they can be stored in very small spaces.

Laser Engrave Machine | WMY-2513 Flatbed Laser

The WMY-2513 is a VOLASER for professional large-scale cutting. You can cut many non-metal materials, such as MDF, Acrylic, Bamboo, Cloth, Plastic, and more. Leather, High-power tubes are not suitable for engraving

WMY-2513

● Features

- 3rd generation high-speed CO² laser
- Long-life tube (>10000 hours)
- Imported Lenses and mirrors
- High quality belts
- High-precision stepper motors
- Precision X-Y-Z-Axis control
- 2mm steel used in body construction
- Low maintenance, high reliability
- Quiet and clean cutting
- Shipped to you as a completely pre-assembled and factory-tested system

● Advantages

- Cuts a wide range of materials and thicknesses
- No tool changes reduce job setup time
- Produces a high-quality cut reducing secondary finishing operations and associated costs
- Low electrical consumption
- Perfect for short-run or just-in-time production

MW Transformer

MW-320

● Features

- Constant Voltage + Constant Current mode output
- Metal housing with class I design
- Built-in active PFC function
- IP67/IP65 rating for indoor or outdoor installations
- **Function options:** output adjustable via potentiometer; 3 in 1 dimming
- Typical lifespan > 62,000 hours

Premium Fabric Wrapped Wall Box

This is a super Luxury Fabric made Wall. 30-40cm depth makes it suitable for both indoor and outdoor events. This stylish Wall banner is commonly used by Luxury Brands as it brings most of attention of guests in the events.

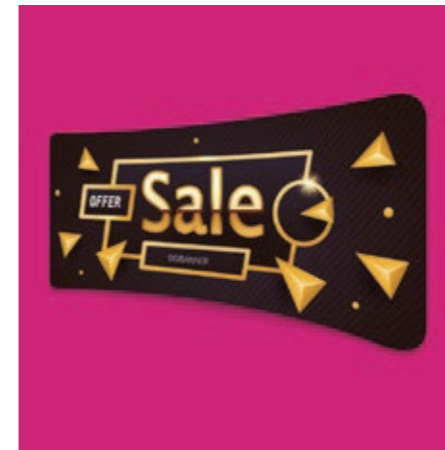

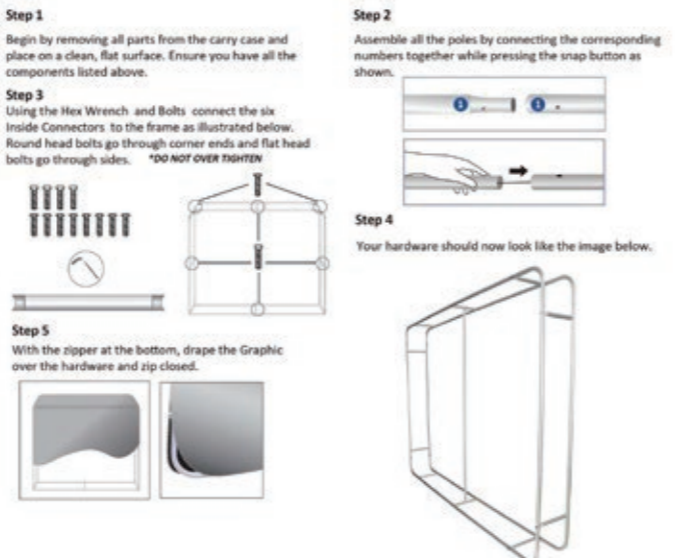

- **Hardware:** Perfect Anodized aluminum pole, diameter 32mm, thickness 1.5mm, making the stand very stable and durable.
- **Graphic material:** Polyester fabric
- Box design presents a high quality brand & image
- Tool-free assemble, fast and convenient
- Oxford bag packing

3m x 3m version is suitable for a 3m display space. However, we can custom to whatever size to fit your display demand. The biggest one we've done was 4.5m tall x 15m in width, 90cm in depth. That was a great experience for supplying this Monster Wall, and the best point is, unlike the building timber walls, this Aluminum structured wall is reusable, easy to pack up and storage for next event, thus a worthy investment.

Colour Choice

WB-1

InGrd Socket

The Instant Shade commercial-grade high quality aluminium-framed "market" umbrellas are the ideal shade solution for your outdoor living space.

Commercial Quality and Great Value

Perfect for commercial or residential use to protect you from the harsh Australian sun. The same umbrellas used by cafes, restaurants and resorts all over Australia are also available for your own deck, courtyard, balcony and pool areas at home.

The Frame

The umbrella frames are stylish anodised aluminium which is lightweight and completely rust-free. The frames come with a 2-year warranty.

Weather, Water and UV Resistant Canopy

The canopies are made of water repellent and UV-resistant long-lasting materials. Canopies come with a variety of stylish colours as well.
